

2018 Warroad Estates Men's League

Two-man teams will compete against each other in a 9-hole match play event. We are asking that you submit your entry form(s) and payment to the clubhouse no later than the 11th of May. Weather and course conditions permitting, our first night of league play will be Wednesday May 16th at which time our first official matches will be played. The fee this year for men's league will not change **(\$50 per man)**. This fee covers weekly prize money and on-course events. The new **(\$25 per man)** skin fee is to be paid to either Brad Woodward or Dan Rood. If you are new to the league we will explain the format during the first official night of league.

Handicaps, league scores, skins, and hole prize information will all be tracked by our Golf League Tracker software again this year. New this year is the skins tracking and we'll collect \$25 for skins on the front end of the season. Men's league consists of varying skill levels and your handicap is how the matches remain competitive. We encourage and invite all skill levels to participate in men's league.

Not a course member? No worries.

We will be offering a non-member league participation fee this year. If you would like to play league the fee is \$20.00 per week which includes your 9-hole greens fees and half a cart.
